We emphasize a commanding knowledge of Core Measure criteria, PQRS, InterQual Criteria, ICD-10, and Meaningful Use requirements so that documentation is complete and accurate the first time – every time.

## **4. Compliance**

Our compliance department will keep you up-to-date on current and relevant changes in the medical industry that affect Health Information Management (HIM), scribes, and a variety of other issues so you don't have to sweat the details.

## **5. Scribe-Coder Synergy**

We are one of the first companies to offer both scribe and coding services to physicians and administrators in Emergency Medicine. This scribe-coder synergy leads to significantly improved quality control, immediate feedback, greater Core Measure compliance, improved documentation, and ultimately, increased revenues and satisfaction.
